A special meeting of the New York, Philadelphia and Norfolk Railroad Company stockholders at Cape Charles, Va., on June 14, will act on the proposition of issuing 10,000 shares of stock for distribution as a stock dividend to stockholders of record March 14. This increase in the capital stock will make the aggregate outstanding \$2,500,600.

The New York Press says that a holding company with "a bilinon or more" of capital stock is in process of formation, to take over the coal land holdings of the principal anthractic railroads. J. P. Morgan is said to be financing the thing abroad, and Henry C. Frick is said to be slated for the presidency. This plan is given as the explanation of the strength of the coaler stocks the past few years.

The Standard Oil Company, since January 1, 1898, has disbursed to stockholders \$31,03,000, in dividends, or nearly three and one-half times its authorized capitalization of \$100,000,000.
